

Gateway Classic Cars of Houston Gets a New Address and New Look!

O'Fallon, IL March 12, 2018 Gateway Classic Cars is proud to announce the new location for our Houston Showroom. Now located at 1910 Cypress Station Drive, Suite 200, Houston, TX, 77090, Gateway Classic Cars of Houston has the much-needed room to keep up with the growth in that area. According to Greg Morse, Director of Sales, "Houston's old showroom was not conducive to doing business any longer. We had no room for additional cars on the showroom floor or room for the additional staff needed to keep up with the expanding markets."

Houston's new showroom still features the classic and exotic car like in the previous location, but now offers a beautiful office and reception area for clients to relax and enjoy their experience. With Italian furniture and white marble floors, there is an upscale feeling in the air to match the cars in the showroom. We are happy to finally announce that our new showroom is open, and we are ready to meet the community. Join us on March 31st for an Open House to celebrate. Cruise in for donuts and coffee beginning at 9:00am. Lunch and refreshments will be served from 11:00-noon and immediately followed by a ribbon cutting ceremony. Please join us!

About Gateway Classic Cars Gateway Classic Cars continues to be the largest classic and exotic car sales company in the world, offering 2,500 classic and exotics for sale. Our headquarters are in O'Fallon, IL, the metro St. Louis, MO marketplace, with other locations in Louisville, Chicago, Detroit, Indianapolis, Tampa, Orlando, Ft. Lauderdale, Houston, Dallas, Milwaukee, Nashville, Atlanta, Philadelphia, Denver, and our newest showroom in Scottsdale.
